2. Symposium on Prevention and Control of FMD in East Asia
3. Memorandum of Cooperation among the China, Korea and Japan on Response against TADs

Coordination Meeting on TADs control in East Asia, Shanghai, China, 24-25 March, 2016
Continuous outbreaks of FMD in Asian countries.

- High risk of the FMD virus invasion into other countries.

- Importance of reduction of outbreaks in Asia as a whole.

- Necessity for strengthened cooperation between China-R.O.Korea-Japan.
Annual Symposium on Prevention and Control of FMD in East Asia is held since 2011 under “Trilateral Cooperation VISION 2020”※.

※: the vision was adopted in the Third Trilateral Summit Meeting among R.O Korea, China and Japan in May 2010.

**Aim of the symposium**

To share information on animal diseases and experiences of animal disease control, and to explore ways of mutual cooperation in East Asia
