- Organizational capacity
- Organizational performance

Next Steps
- Prioritization & Planning
Welcome to the One Health APP

The One Health Assessment for Planning and Performance (OH-APP) is a monitoring framework for multisectoral coordination mechanisms (MCM) to annually self-assess their organizational capacity and performance to inform planning and development assistance. The OH-APP complements the WHO Joint External Evaluation by providing more specific indicators to measure the maturity of an MCM and benchmark its progress toward becoming a sustainable mechanism capable of coordinating multisectoral and multistakeholder collaboration for preparedness and response to public health threats.

New Self Assessment

Enter Country Information

Please complete the sections below. This section can be completed in advance of the OH-APP workshop.

*Note: You are facilitator for more than one country or an admin user. To access JEE/MCM alignment module, you must first save the assessment with a country selected.

Person entering data

Country conducting OH-APP

Date of OH-APP

Has the WHO JEE been conducted in your country in the last 5 years?

Yes

Has the OIE/PVS been conducted in your country in the last 5 years?

No

Has a JEE/PVS bridging workshop been conducted in your country in the last 5 years?

No
### C1 Organizational Structure

#### C1.1 - Endorsed Structure & Terms of Reference (TORs)

**Q1. Does the MCM have agreed upon structure and ToR?**

- There is no formal structure or defined TOR.
- There is a proposed formal structure for the MCM and TOR that have not yet been endorsed.
- There is a formal structure and TOR that has been endorsed by the appropriate governmental structures.
- There is a formal structure and TOR that have been endorsed by the appropriate governmental structures and are supported by appropriate legislation, policies, guidelines, and standard operating procedures (SOPs).

Add explanation for chosen response to this question.

#### C1.2 - Official Documentation

**Q2. Does the MCM have Memorandum of Understanding (MoUs) (or other official documents) between relevant ministries for collaboration and coordination of Public Health Events (PHE)?**

- There are no MoUs (or other official documents) between relevant ministries.
- MoUs (or other official documents) are being developed.
- MoUs (or other official documents) exist between some, but not all, relevant ministries.
- All ministries engaged with the MCM have a MoU (or other official documents) for collaboration and coordination with clearly defined roles.

Add explanation for chosen response to this question.

GLOBAL RESULTS

14 countries conducted self-assessments using OH-APP from August – November 2018
What activities did MCMs prioritize for the next year?
Global Users

- 710 unique user visits (Nov 2018 – March 2019)
- 223 registered users (Aug – today) from 30 countries
- 25 min on average per visit
THANK YOU!
