# Background

- This workshop is the continuation of the ASEAN Veterinary Statutory Body Network (AVSBN) Virtual Workshop on VEE Accreditation Standards held in Dec 2020
- Some recommendations from the AVSBN workshop:

ASEAN veterinary mobility should be tied to VEE accreditation and the accreditation needs to be managed and harmonised across ASEAN Member States (AMS) to facilitate regional mobility.

ASEAN VEE accreditation standards should be established to support improvements in ASEAN veterinary services, enhance the health of animals and the public, protect the safety of food, and promote mobility and trade.

The OIE Day 1 Competencies should be considered as a minimum standard for Pan-ASEAN VEE accreditation.

VEEs should undertake a self-evaluation of the level of proficiency of their veterinary graduates. The OIE Day 1 Competencies can be assessed using the Ohio State University/University of Gondar Evaluation Tool.

# Workshop objectives

- To provide a platform for discussion on the development of ASEAN VEE accreditation standards
- To provide model for the development of ASEAN VEE accreditation standards and processes
- To introduce a tool for self-evaluation of VEEs on the OIE Day 1 Competencies of their graduating veterinarians

# Workshop Programme

27 Aug

- Session 1: Setting the scene
- Session 2: Approaches to VEE accreditation

1 Sep

- Session 3: Evaluation tool for the OIE Day 1 Competencies

6 Sep

- Session 4: Processes of VEE accreditation
- Session 5: International accreditation of VEEs
