The different phases of the SEAFMD/SEACFMD Campaign

Timeline for the development of the 2021-2025 Roadmap

Next steps

- SEACFMD Secretariat to send the first draft to all NC early July 2020
- NC to read and comment it by mid-July (2 weeks)
→ BLOCK SOME TIME IN YOUR AGENDA
- NC meeting (virtual) dedicated to the SEACFMD Roadmap (second half of July)

2 main goals for the 2021-2025 Roadmap

1. Improve FMD control in SEACFMD Countries:

- Maintenance of freedom in officially FMD-free countries and zone
- Maintenance, and if possible, improvement of infected countries situation (by reaching the following PCP Stage or OIE steps).
- Better preparedness & response to introduction of exotic strains

2. Evaluate the outcomes, impact, strengths and weaknesses of the Campaign over the previous phases and develop a formal process for monitoring the SEACFMD Campaign way forward (since 2021)

Goal 1: Improve FMD control in SEACFMD Countries which would be determined based on the combination of the following criteria:

- Maintenance of freedom in officially FMD-free countries and zone
- Maintenance, and if possible, improvement of infected countries situation (by reaching the following PCP Stage or OIE steps).
- Better preparedness & response to introduction of exotic strains

Goal 2: Evaluate the outcomes, impact, strengths and weaknesses of the Campaign over the previous phases and develop a formal process for monitoring the SEACFMD Campaign way forward (since 2021)

Outcome 1: FMD sanitary situation is maintained in officially recognised FMD-free countries and zones, and if possible, improved in infected countries

Outcome 2: The enabling environment is improved

Outcome 3: Regional coordination and countries' ownership are strengthened

Outcome 4: The outcomes and impact of the SEACFMD since its launch are assessed at both national level and SRR-SEA, and progress indicators are defined to guide the implementation of the 6th phase of the campaign

Only one take-home message

First half of July 2020: we will count on you
